Project Description:

St. Johns County capital improvement project CR 210 Widening from Greenbriar Road to Cimarrone Boulevard is currently in the design and permitting phase. The project includes roughly 2.3 miles of widening along CR 210 from an existing rural two-lane roadway to a suburban four-lane divided roadway with a raised median. The project also includes intersection improvements at both Greenbriar Road/CR 210 and Shearwater Parkway. The existing bridge will be replaced with two single span bridges with pedestrian walkways.
